

Bob Humphries, Ph.D. CCEP

Bob has a B.Sc. in Honours Physics and an M.Sc. in Nuclear Physics from the University of Alberta, and a Ph.D. in meteorology from McGill University. He is also a Canadian Certified Environmental Practitioner. Bob began his career in the mid 1970s with the Alberta Research Council and by 1984, he was Department Head of the Atmospheric Sciences Department. He then joined MacDonald Dettwiler as a Product Manager and Consultant in the Meteorological Systems Division specialising in remote sensing. In 1994, Bob began working for Norecol, Dames & Moore as their Senior Meteorologist responsible for air quality modelling and meteorological analysis and in 1996, he joined Levelton Consultants Ltd. where he is a partner and the Manager of the Air Quality Modelling and Assessment Group. Bob has been active in the American Meteorological Society (AMS) and was a program chair and local arrangements chair for several AMS Weather Radar Conferences. He was chair of the Edmonton Chapter of the Canadian Meteorological and Oceanographic Society and is a past chair of the BC/Yukon Chapter of the AWMA.
